

Fultonvale Provincial Achievement Test Results

Students all across Alberta in grades 3, 6 and 9 wrote the annual Provincial Achievement Tests (PATs) in May and June. Fultonvale students again scored very well in relation to the provincial averages, and showed improvement in several areas. The number of Fultonvale students who achieved the acceptable standard was significantly above the provincial average on 10 out of 10 tests. Individual student profiles for students in grades 3, 6 and 9 will be sent home with their first report card. If you do not receive your child's profile, please let us know at the office and we would be happy to reprint it for you.
